Thanks, Elizabeth. I responded to your changes and added one small new bit (sorry) in the attached.

For context – this is to go in Administrator Wheeler’s budget briefing package, to prepare him for budget hearings on the Hill. In case he’s asked about Stibnite, we want him to have some talking points ready. But I don’t think we want a lot of detail in this – more short sound bites to show he’s aware of the site’s status and key issues. Any detailed questions he would take “for the record” – with an offer to respond in writing later.

Helen

Patty, can you please look at my edits the hot topics paper? I want to make sure that my NEPA language is accurate.

Also, Ex. 5 AC/DP

Ex. 5 AC/DP

added a sentence to that effect in the hot topics paper and would like your opinion as to whether we should keep it in.
Thanks.
